Introduction

8th JAZZING - Sant Andreu JAZZ FESTIVAL & 3rd JAZZ EDUCATION STAGE

This year, 2021, the Sant Andreu Jazz Band is 15 years old. With great expectations, enthusiasm, and gratitude we celebrate it with this eighth edition of the Jazzing Festival, in which we also want to remember and pay tribute to the great trombonist and friend Toni Belenguer, who recently left us, and with whom we have collaborated on several occasions.

These are challenging times for many people and for many organizations. Especially art and culture have suffered and are suffering. The Sant Andreu Jazz Band is going through difficult times, but we have still decided to continue with the festival because we believe that music cannot stop. Despite the difficulties, life goes on and we feel that what we do is important, so we will continue with our goal of bringing jazz music to the Sant Andreu district and share our way of working with young people and with all other people who are interested in it.

Once again, the eighth edition of the Jazzing Festival is adapting to the current situation, with the hope that next year we can carry on with complete freedom and that we can fill the streets and squares again with the music which we love, jazz.

For now, with all the excitement, here we have a new JAZZING FESTIVAL and a new JAZZ EDUCATION STAGE.

We welcome you!

Thanks!

Joan Chamorro
